MASKED THUGS BRUTALLY BEAT AND ROB A S. F. CONTRACTOR

FAIL TO FIND MONEY BELT

Albert Porter Nearly Murdered on the Street by the Outlaws.

SAN FRANCISCO, Oct. 10.—Albert Porter, a contractor, was beaten and robbed at midnight last night by three masked men concealed in the entrance to a lodging-house at Fourth and Howard streets, where Porter resides.

Despite the fact that revolvers were displayed by his assailants, Porter states that he made a desperate fight, but was clubed until senseless and knew no more until he recovered consciousness in the gutter near where he had been held up.

In a search for a money belt, which he had been in the habit of wearing next to his body, the men stripped Porter of his coat, vest and shirt, but failed to discover the belt or were frightened away.

They secured $87 in bills, a gold watch and a diamond stick pin. The police have made no arrests in connection with the affair.

Porter had considerable money on his person and determined not to part with it without a struggle. He is a powerful man and gave battle at once in spite of the revolvers, which the bandits displayed. A desperate fight followed.

The footpads seemed to be afraid of firing a shot into his body for fear of attracting attention, but beat him unmercifully and in silence. He was no match for his three antagonists, who soon beat him into unconsciousness with the butts of their weapons.

When he recovered his senses about half an hour later he found himself lying in the gutter, stripped to the waist. The men who attacked him were evidently familiar with his habits, for they had made a desperate though hurried search for the purse which he carried on a belt around his waist.

They must have been frightened away by late pedestrians, for the coin which he carried concealed next to his skin was still there. However, the robbers had taken his gold watch, a diamond stick-pin and a roll of bills amounting to $87 which he had in an inside pocket of his coat.

His coat and vest were also gone, but his undershirt was lying beside him. Despite his injures, he crawled into this garment and painfully made his way, unassisted to the Central Emergency Hospital, where he was treated for heavy lacerations and bruises about the head and body.

He merely mentioned his story at the hospital, and as soon as the surgeons had finished working over him hurried away to the Southern Police Station, where he reported the murderous assault. He was utterly unable to give any specific description of the trio which attacked him, as they were masked and the battle took place in the dark. However, he is convinced that they were men who knew him or had lately been spying upon him for the express purpose of robbery.

Patrolmen and detectives were put on the case, but made no arrests, and appear to have little chance of making any.

AUTOS ARE IN BIG RACE

EMPEROR WILLIAM.

Emperor William to See if They Can Beat Balloons.

BERLIN, Oct. 10.—A race between balloons and automobiles was started at noon today as an exhibition for the members of the International Aeronautic Society by the balloon corps of the military department. The balloons were sent up from the parade ground at Tegel, seven miles north of Berlin, at intervals of fifteen minutes. Four balloons each of 200 cubic metres capacity and carrying two officers and an assistant umpire, took part in the contest.

As each balloon with a broad designation pennant shot up and sailed away in the direction of Hamburg before a 16-mile breeze, four and in one instance five automobiles flying the colors of the balloons and posted on roads adjacent to the parade grounds, followed, so that within an hour seventeen automobiles were speeding after the airships.

Among those in the automobiles were Prince Salm-Salm, Prince Ernest von Saxe-Allenburg and Duke Adolf Friedrich of Mecklenburg-Schwerin. Prince Henry of Prussia, who was to have taken part in the contest, was detained at Kiel on naval business. Theoretically, each of the balloons carried dispatches, while the automobiles were in the service of the enemy and pursued them with the object of capturing them. If the balloonists, after landing, had twenty minutes in which to escape, they won, while the automobiles won if they reached the balloons within that period. It was also provided that a balloonist must descend inside of two hours.

The weather was brilliantly clear and enormous crowds cheered the aeronauts as the balloons shot away.

There are 18 entries for the balloon race of Sunday next, for a prize offered by Emperor William, namely, 14 Germans, one Austrian, two Belgian and one Swiss.

NO HOLD-UP AT CITY HALL

Police and Firemen Must Not Contribute to Political Organization.

The contributing to the various political funds by the members of the police and fire departments was tabooed this morning by the Police and Fire Commissioners. Chief of Police Wilson and Fire Chief Ball were instructed to notify the men under them that such contributions are in violation of the rules of the departments.

TO PREVENT HOLD-UP.

The following resolution was passed by the board:

"Whereas, The attention of the Board of Police and Fire Commissioners has been called to the fact that employes of the city and members of the police and fire departments have been requested to make financial contributions for political purposes, therefore, be it,

"Resolved, That the Chief of Police is hereby directed to enforce rule sixty-eight of the police department, prohibiting such contributions and the chief of the fire department to inform the members of the fire department that the subject matter of said rule No. 68 is applicable to said fire department."

The board appointed nineteen regular policemen from the list of twenty-one sepcial policemen who were placed on duty last week by Chief of Police Wilson.

William Cunningham, one of the special policemen, could not go on the force at the present time owing to private affairs now occupying his attention. He was placed on the eligible list. W. A. Schwartz failed to pass the physical examination and was dropped.

SPECIAL POLICEMEN.

The following substitutes were placed on the regular force: A. B. Smith, C. A. Fife, W. R. Jones, H. J. Thornburg, Timothy Duane, J. H. Carroll and C. B. O'Brien.

Joseph Hoffman was appointed an acting regular in place of Policeman Drew, now away on a leave of absence.

Building Inspector Towle and his assistants, Messrs. Boag and Bell, were appointed special policemen.

J. A. Jones was appointed a special officer at the Bell theater. Frank Elming and August Hoffman were also appointed specials.

WANTS ROETH PUT BEHIND THE BARS

WANTS ROETH ... ...ONLY (ME

"Put this man behind prison bars if he does not comply with the law. This board is getting tired of having so much complaint about this man's actions."

These were the words of Mayor Mott this morning in the meeting of the Board of Public Works when Chief of Police Wilson reported to the board that he believed Charles Roeth had been violating the law in regard to the placing of a house on a lot without first securing permission.

Chief Wilson was instructed to make investigations and if necessary arrest Roeth for violating the city ordinances. The maximum penalty for such a violation is a fine of $100 or 50 days in jail.

Residents in the vicinity of Piedmont avenue and Fortieth street complained to the police that a small shack had been moved out to a lot in the midst of a fine resident district without first securing permission to do so. It was said that Roeth was the offending owner.

Chief Wilson called the matter to the attention of the Board of Works and Mayor Mott then made the statement that the offender should be placed in jail.

Roeth has been before the board at other times in answer to similar complaints.

SHE STOLE THE MONEY

Mary Louise Bowen While Erratic Gave U. S. Gold to Louis W. Baker.

SAN FRANCISCO, Oct. 10.—The case of Mary Louise Bowen, who is charged with having embezzled $7000 and over as a superintendent of Station No. 1, of Oakland postoffice, which is located on Broadway between Ninth and Tenth streets, was commenced this morning in the United States District court before Judge DeHaven in this city. The government was represented by Deputy United States District-Attorney Clark. The denfendant was represented by Attorneys Schlesinger of San Francisco and L. S. Church of Oakland.

The accused woman was attended by her mother and three sisters.

THE JURORS.

The examination of talesmen commenced promptly at 10 o'clock. They were asked by the attorney for the government if they knew anything about the case, if they knew or had any dealings with the defendant's attorneys, whether they had formed any opinion regarding the merits of the case and whether the fact that the defendant was a woman would prevent them from rendering a verdict of guilty if the evidence should show that an offense had been committed.

Attorney Schlesinger, for the defense, asked the talesman if they knew Louis W. Baker, the Oakland printer who it is believed was the beneficiary of Miss Bowen's peculations, whether or not they could give the accused a fair trial regardless of the fact that she was a woman and whether or not they knew Postoffice Inspectors Madden and O'Connell.

JURY ACCEPTED.

The jury was accepted as follows: Justin P. Moore, Otto Lemcke, A. T. Care, John T. Cochran, Oakland; George W. Hoguet, Oakland; Wm. A. Grade, William F. Aldrich, F. B. Kimball, Robert Day, F. G. Eiben, Oakland; W. R. Pitt and W. H. Pahst.

FIRST WITNESS.

John Barnet, retired policeman, and Ben Wright, former proprietor of the Galindo hotel, were challenged peremptorily by the defense and were excused.

GOVERNMENT'S CASE.

Deputy United States District Attorney Clark in opening the case for the government stated that it would be shown that the accused had converted to her own use upwards of $7000 of federal funds.

THE DEFENSE.

Attorney Schlesinger in opening for the defense, read the section of the statutes under which the indictment had been found. He said that, while the indictment was based upon the appropriation of a small sum, that fact made no difference to the government because the appropriation of one dollar of public funds was as great an offense as would be the taking of a large amount. Mr. Schlesinger then disclosed the theory of the defense, which was that the defendant was of a sympathetic temperament to that degree that she became erratic. Baker he said, had evidently laid a well-designed pluan to rob the government. He had first asked the defendant for a loan of ten dollars. He got the money and came again the next day and secured another loan. On the third day another loan was secured and then followed a series of borrowings until the amount was increased to something between $6000 and $7000. It was a case, Schlesinger said, of a strong mind working upon a weaker mind which had become impaired by natural frailty and peculiar conditions rendering the accused irresponsible for her actions.

BAKER RESPONSIBLE.

None of the money which the accused was charged with having taken had been appropriated by Miss Bowen to her own use. It had all gone to Baker.

POSTAL INSPECTOR.

FINDING THE STOLEN GOODS

ALAMEDA, Oct. 10.—Hidden in the soft dirt in the basement of the residence where Louis Jacovich lives on Pacific avenue between Lafayette and Chestnut streets, the police today uncovered a large amount of plunder the 10-year-old boys had stolen from residences about the city. There was a large assortment of tools, some garden implements, silver ware and a number of knives which had been taken from the high school about three weeks ago.

Two weeks ago the youths entered a house at the corner of Pacific avenue and Chestnut streets, where a large amount of furniture had been stored. They carried a number of garden implements, a small rocking-chair and some silver salt-shakers to their home and buried them in the basement. The police were unable to locate the missing articles until yesterday, when John Illig, an Oakland man, reported that he was the victim of a theft while working in this city. Two certificates of deposit calling for $900 were stolen from his coat. The matter was reported to the police, and suspicion fell on the Jacovich youngsters, who had been seen about the house where the robbery occurred a short time before. The police went to the home of the youths and took them to the police station. The boys stoutly maintained their innocence, and not until they were threatened with imprisonment would they tell where they had hidden the stolen articles.

An officer then accompanied the boys to their home and was shown where they had hidden their loot in the soft dirt in the basement.

The police intend to keep a close watch on the boys, and may find it necessary to have them placed in a reform school. They are residing here with their grandmother, who seems powerless to keep them from stealing.

STATEMENT OF EDITOR HEARST

NEW YORK, Oct. 10.—William R. Hearst issued a signed statement in reply to one issued by Republican State Chairman Woodruff yesterday concerning the endorsement of judicial nominations, in which Mr. Woodruff said:

"We are unqualifiedly opposed to having any union with the Hearst organization whatever or accepting any benefits that might be derived from it."

Mr. Hearst, in his statement, declares that in suggesting union on the judiciary ticket the Independence League was moved only by a desire to promote the cause of good government and the interest of all honest citizens by bringing out an entirely non-partisan judiciary ticket.

SAILORS ARE GIVEN LIBERTY

Habeas Corpus Granted in Case of Men Charged With Robbing Freight Car.

C. M. Bingham and O. A. Krieg, two United States sailors, were released from custody late yesterday afternoon, Judge William H. Waste having granted the habeas corpus petition presented by Attorneys Lin Church and John L. McVey, representing the prisoners.

The lawyers contended that the offense must be proven by direct evidence, where the nature of the offense is capable of such proof, and unless so proven, there is not a prima facie case established; also that jurisdiction must be proven by direct evidence, and not by circumstantial evidence; and circumstantial evidence alone will not prove jurisdiction. Judge Waste agreed with them, although Deputy District Attorney Brown made an effort to have the sailors held for trial.

Bingham and Krieg were accused of entering a freight car in this city March 15, 1906, and stealing shoes and furs. The information was filed against them July 11, 1906, and their case was to have come up next Monday before Judge Harris. It was not shown where the defendants opened the boxes in the car, whether here or in Sacramento, and it was not shown what was in the box before it was found open. Both boys are on the Pensacola.

ACCUSED OF BEATING A STREET PREACHER

While Joseph Avolina was expounding in the public streets, lessons from the Bible, he was set upon, so he alleges, by John Dernski and Anthony De Ponta, and given a severe beating. The two men have been arrested on charges of battery. Their cases were called in department two of the police court this morning and both entered pleas of not guilty.

WHISKEY PROVES EXPENSIVE.

The case of Scotch whiskey which Joseph F. Enos stole from the steamer Sunol cost him just $50, as this morning he forfeited his bail in Police Judge Smith's court. Even then he did not get the whiskey, as it was recovered when he was captured by the police.

Elks, and the pavilion, the largest public structure in the city, was crowded with the teachers and their friends from all over the county, and many members of the horned herd from San Francisco, Oakland and Napa. SNEAK THIEF AT WORK.

A sneak thief entered a store at 953 Washington street, yesterday afternoon about four o'clock and stole a purse from the register. The purse was the property of Mrs. A. L. Smith, who had left it there for a few moments. The purse contained two five-dollar gold pieces and one twenty-dollar gold piece. The theft was reported to the police.

ORDER REPORT ON GARBAGE

Merchants' Exchange Members Will Bring Subject Before City Council.

Intolerable garbage conditions in West Oakland, near the Sixteenth street station, were discussed last night by the Merchants' Exchange, and the committee on garbage was directed to submit a written report next Tuesday. It is proposed to bring the matter before the City Council and try to assist in solving the problem of how to collect and dispose of the city's garbage least expensively to the people.

J. W. Downey, . M. Briare, Theo. Gier and others told of the intolerable nuisance created at West Oakland near Sixteenth street railway station by the garbage dumps.

Fred Sinclair told of going with Mr. Briare as a special committee from West Oakland property owners to confer with Health Officer Ewer. He said:

"We asked Dr. Ewer if another crematory company were formed could it collect garbage and he said, 'No; they would be arrested.'

"We asked, 'Who gave permission for dumping garbage at West Oakland,' and he replied, 'The Board of Health.'

"We asked, 'Has the Board of Health a right to violate a city ordinance?' and he said, 'I don't think it has.'

"We asked, 'Has the Pacific Incinerating Company a right to charge scavengers for dumping garbage?' and he said, 'I don't think so.'"

Mr. Sinclair then explained the action taken at the West Oakland property owners' meeting of last week.

Mr. Alker suggested that the time seems propitious for a committee of citizens to confer with the City Council and assist, if possible, in providing a way to dispose of the garbage question.

Mr. Sinclair added that Dr. Ewer had stated that he had, while East, studied the garbage question in several cities and had reached the conclusion that a city should collect and dispose of its own garbage.

TRADE IS ONLY FOR DEMOCRATS

NEW ORLEANS, Oct. 10.—Printed circulars threatening that South American countries will boycott the goods of American manufacturers who vote the Roosevelt principles in the next presidential election have been received by several New Orleans manufacturing firms. The circular, which it is claimed to have been drafted in Caracas, Venezuela, September 12, reads in part:

"American manufacturers who vote the Roosevelt ballot in the next presidential election will be excluded from South American trade.

"President Roosevelt has said in secret speeches that Latin-American countries are bound to disappear for two reasons: first, because they are Latin, and second, because they are small."

The circular then says that the Democratic party is disposed to "fraternize with us and treat us on an equal basis." It says that 117 boycott stations have been established but does not explain what is meant by boycott stations.

The organization is claimed to be on a military basis, entirely independent of South American governments, better organized than the Chinese boycott. The circulars were mailed from San Jose, Costa Rica.

SOUGHT REST, DEATH CAME

Owen McLaughlin Dies at the Fabiola Hospital From Exhaustion.

Two hours after entering Fabiola Hospital, where he had gone to seek rest from exhaustion, Owen McLaughlin, a white-haired man of sixty-four years, who has been rooming at 1880 Seventh street, passed away unattended.

McLaughlin went to the hospital about six o'clock, saying to the attendants, "I came here for medical attention. The car carried me past the hospital and I am exhausted from my walk."

The aged man was given a room and was treated by Dr. Von Adelung. Two hours later he was found to be dead, probably from heart failure. The body was removed to the Morgue, where an inquest will be held.

Very little is known of the deceased. He appears to have been in good circumstances. It is not known whether he has relatives in this city.

SHE STOLE THE MONEY

and found them incorrect, stated that he had examined the accounts in question and had told Miss Bowen that there was something wrong with them. He then went to the main postoffice and saw Postmaster Dargie and told him of the discrepancy. Miss Bowen, Mrs. Matilda Brown and Everett Brown of Oakland were present. Witness stated that he had told Miss Bowen that she was short in her accounts and the accused admitted that such was the case. Witness asked the defendant whom she had given the money to and Miss Bowen refused to tell to whom she had given the money, declaring that she was desponsible for the defalcation. Miss Bowen, the witness said, was an employe of Mrs. Matilda Brown. Station No. 1 was a contract office. It was in charge of Mrs. Matilda Brown and that lady, witness stated, employed Miss Bowen to do the work.

Witness said that when he had failed to get Miss Bowen to admit to whom she had given the stolen funds he told her that he knew who had received the money and mentioned the name of L. W. Baker, whereupon Miss Bowen admitted that the witness' suspicion was correct.

District Attorney Clark then showed money order records which had been made by the accused. The records extend as far back as September 1, 1902, and were in the handwriting of Miss Bowen and were admitted in evidence.

Witness also stated that Miss Bowen had admitted to him that the stealing of funds had commenced a year before her accounts had been examined by Madden.

Recess till 2 o'clock.

Willie and His Wings

I honestly believe I am growing a pair of wings—for I have two lumps right on my shoulders where I see wings grow in the angels in the Sunday school papers. May be they hain't wings after all, but sometimes I feel just like a bird and just like I wanted to fly, and the other day my boss caught me snooping into a box of something marked "For boys just before Christmas" and may be I didn't fly too. Well; I should say I did but just the same I am going to find out what's in that box. I can give my friend "Bow, the Porter," 10c and he will take off the lid and I will get next, but anyhow we won't give the contents of the box away before December 'cause my boss is the greatest friend the boys of Alameda county have got. He outfits base ball teams and furnishes uniforms for the kids all over the county and then the boys all outfit here at the store and every one helps make the store bigger and bigger. Some parts of town the boys won't speak to each other unless they have on Heeseman suits and they talk about "that feller hain't in our class' so I guess it's because the "feller" don't buy his clothes here but it's pretty hard to find any boys who don't, and the new store is responsible for so many well dressed boys. FOOLS ROBBERS; SAVES HIS COIN

Man Accosted by Highwayman Pretends to Be One of Their Ilk.

His friendly salute to a trio of highwaymen, who stood him up yesterday morning at five o'clock at the corner of Eighteenth and Poplar streets, is all that saved Barney McCabe his valuables.

McCabe is a machinist in the employ of the Southern Pacific Company. He was on his way to his work in the railroad yards in West Oakland, when he was accosted by the three hold-up men.

McCabe saluted the trio and was stopped by a command to halt. The order was in a rich Irish brogue. McCabe was quick to answer in a similar tone and stated that he was also a hold-up artist. The highwaymen then became very friendly and made their escape as soon as possible.

Father Sesnon preached an impressive and appropriate sermon, and afterward sang a solo. Other music was rendered by the church choir, making altogether a service of interest to non-Catholics as well as to Catholics. The seating capacity of the church was taxed to its utmost.

ANNEXATION IS MORE POPULAR

A. Jonas Tells Merchants' Exchange of Progress Made in the Matter.

Encouraging progress in the campaign of education for annexation of a portion of Brooklyn township to Oakland was reported last night by A Jonas and others at the Merchants Exchange directors meeting

Mr Jonas explained that it was not a movement by politicians but of the business men who desire a better form of city government and who wish to be fair towards those living in the outside districts where they need some kind of municipal government Oakland needs a new charter—a consolidated city and county government—but before adopting one it is desired to give outsiders a chance to join the present city that they may have an opportunity to frame the consolidated government to suit them as well as those now in Oakland

Berkeley and Alameda he said are left out of the matter to do as they please Meetings in upper and lower Fruitvale Allendale Melrose and other points have been held and a big meeting is set to be held Petitions are to be circulated in the outside districts and it is hoped that the annexation sentiment will prevail when the voter are given opportunity to express themselves on the subject

Wilbur Walker also reported the results of meetings and said that sentiment in favor of annexation is gaining strength

STANDARD OIL ON THE RACK

FINDLAY, O., Oct. 10.—It is the intention of the prosecution in the trial here of the Standard Oil Company of Ohio for conspiracy against trade to occupy the entire time today in the submission of documentary evidence. This evidence consists of the pleadings and testimony in the two suits against the Standard Oil Trust before the Supreme Court of the State in 1892 and 1897, part of which was read to the jury yesterday. The prosecution does not expect to put any witnesses on the stand before tomorrow.

Before the jury was brought into court today Attorneys for the prosecution and defense held a preliminary argument touching the competency of admitting the testimony of Mr. Rockefeller given in the previous trial.

A FALSE FACE.

"A corporation has no face except a false face. It is a mantle that covers the individuals in it, so that the head of the company, when he speaks, speaks for the corporation itself," Mr Phelps declared Mr Kline objected that the president of no corporation could by his utterances bind the corporation Judge Banker interrupted to remark that the evidence was only offered to show the manner of doing business at that time, which, of course, would not convict the defendant within the time of the present charge, but simply to show that such a trust was formed

"It is no excuse for evidence that it will do no harm," replied Mr. Kline

"Would not the administration of the president of the corporation be conclusive as to the manner of its doing business?" queried Judge Banker.

Mr Kline—No, sir, not at all.

IS THE STATE BARRED.

Judge Banker further stated that the evidence was not offered to show either the guilt or innocence of the defendant.

Mr Tolls for the defense, replied to this that if it was not for that purpose it was surely incompetent evidence Mr Tolls maintained that the State by-law was absolutely barred from taking a deposition in a criminal case, hence it was a travesty to endeavor to admit as a deposition taken in another case

Attorney General Ellis said he could not do his duty to the State if he did not give his judgment in the case

"Clearly, in my opinion, this evidence is admissible," he said He further maintained that in giving the testimony in question Mr Rockefeller was acting for the corporation and that if he could not and did not so act there would be no way whatever of proving any acts of the corporation

TESTIMONY ADMITTED.

Judge Banker admitted the testimony as competent His ruling came at the conclusion of an argument of an hour and a half

"If the answers of Mr Rockefeller," he said, "tended to prove any act within the three years covered by this suit, the objections might be valid but it is simply desired to show the acts of the corporation prior to that time

An application of Mr Kline to 'take a smoke,' resulted in a brief recess of court at 10 30 o clock

Charges Against the Oakland Traction Company to Be Prosecuted in a Novel Manner.

The following circular has been issued:

"Important to Street Car Patrons: You are invited to attend a meeting of the Street Railway Committee of the city council on Thursday evening next, October 11, 1906, at 8 o'clock p. m., in council chamber, city hall to give expression by your presence if not by word of mouth to the unsatisfactory manner in which the street car service in this city is managed by the Oakland Traction Consolidated.

"Mr. C. S. McMullen, who, in behalf of the patrons of those street cars protested, at the last meeting of the city council, against a further continuance of the abuses practiced by this company on its patrons, has been cited to them and there appear and sustain his charges, which he promises to do and no doubt will most creditably.

"The company has assumed the right to run their cars on time, off time, at any time, or not at all, and to collect fares and expell the passengers from its cars at any point along the line, blocks if not miles from its termini, should the car not be on schedule time.

"Every car patron is interested in the outcome of this meeting and should lend his presence at the meeting as an endorsement of the merited protest.

"By virtue of Section 457 of the Civil Code of the State of California, the city council is given authority to compel the Oakland Traction consolidated to run the required number, any number of cars to comfortably transport the car-riding public; to dictate "the construction and mode of operating such cars as may be deemed for the public safety or welfare.

"We want what is coming to us, no more, no less, and the city council can get it for us.

"A band is to be had for the occasion.

"Eminent speakers will be there to address the overflow on the 'Evils of Mal-administration'

"After the meeting the protestants are to disperse, in suitable divisions, to banquet at the leading restaurants of this city.

TESTIMONY IN HORNEF CASE

Prominent People Are Witnesses. Plaintiff Is Called a "Vixen" and Quarrelsome.

"I wanted to save my gums, so I asked the doctor to order her to leave the room," was the statement made by J. George Smith, a civil engineer, when testifying in the sensational suit brought by Mrs. Eazabeth J. Hornef against her dentist husband, Dr. Simon C. Hornef before Judge B. F. Ogden in the Superior Court yesterday.

"She was continually nagging at him," continued Smith, "and while she never struck him in my presence, I know that she has threatened to do so. I have seen his face scratched many times. He told me that his wife was responsible for the disfigurement, and having the utmost confidence in the doctor's veracity, I believed him. As to her reputation for peace and quitude, it is bad. I refer you to Mr. and Mrs. Hayn, 274 Forty-fourth street; Mrs. C. S. Martin, who has an office on Broadway, near Ninth street, and to Hugh M. Cameron, the real estate dealer, the last named of whom stated that she was a 'vixen and quarrelsome.'"

Dr. C. L. Schmidt, 1011 Broadway, was next called and testified that up to 1903 Hornef had worked for him fourteen years; that the conduct of his wife was bad. On one occasion she entered Schmidt's office and finding her husband there struck him a violent blow in the face, causing him to expectorate blood. "I'll teach you to talk about me," she shouted, he said, at the top of her voice, whereas the witness stated that her name was never mentioned in that particular conversation. As to Dr. Hornef's demeanor, it was always mild and he never heard him swear.

Hornef himself took the stand late yesterday afternoon and denied the allegations of his wife that he had treated her with extreme cruelty. He stated that money matters was the cause of all the trouble because she wanted more money than he could afford to give her. He claimed that she was jealous and denied that he attempted to poison her. The case will be continued tomorrow morning.

A FORTUNATE ACCIDENT THAT LEAVES NO REGRETS.

Clarence Walker and Harry Doolittle escaped from quite a serious accident yesterday afternoon while sliding along in their automobile at the corner of Washington and Fourteenth streets. At this point the railroad company is having its track repaired and the street is not in the best of condition. The auto in question struck an obstruction in front of the southwest corner of the streets named and both men were thrown out into a pile of sand and rock. They were picked up and carried into Scharman's Cigar Store on the corner stated, where they were received after inhaling the beautiful odor from the fumes of a Delmonda cigar. With good judgment, Walker and Doolittle purchased a box of these excellent smokes and are now advising their friends also to smoke this splendid cigar, which come in fifteen sizes from three for 25 cents to two bits each. They are a most delightful piece of tobacco—absolutely the good kind and can be had only from Mr. H. Scharman, the popular tobacconist who's beautiful store is located at the southwest corner of Washington and Fourteenth streets.

THEY STAND BY THEIR RECORDS

County Candidates Are Received With Enthusiasm by Voters in Allendale.

Just to show that Republican enthusiasm is as strong in Allendale as in any other part of the county, the residents of that neighborhood turned out in a body last night to greet the Republican county candidates and gave them a hearty welcome. The chairman of the evening was William C. Tait, who presented the various candidates, each of whom spoke briefly. In opening the meeting Mr. Tait praised the work of the Republican national, State and county government and asked for the support of Allendale for the candidates on the platform.

In being presented to the meeting as the first speaker, Louis Randolph Wenmann reiterated the remarks of the chairman and urged all to stand by the party which has brought America to such a prominent position in the family of nations. Judge William H. Waste spoke for the judiciary. In part he said:

JUDGE WASTE.

"Owing to the fact that Judges Ogden and Ellsworth are unable to be here tonight, it has somewhat fallen my duty to speak for them as well as myself. Judge Harris is here to speak to you but I wish to say a word for us all.

"We have all been on the bench of this county for some time. Judge Harris and myself are new in our position, but being appointed by Governor Pardee, one because of a death and the other because of a promotion, Judges Ellsworth and Ogden have appeared before the people before and have been returned to office. It was a stamp of public approval. Judge Harris and myself are now before you with a short record for you to pass judgment on. All we ask is that you vote as you believe and if you are satisfied with us return us to office."

CHARLES THOMAS.

Charles Thomas was the next speaker. Thomas, who is making a fight for the office of county assessor, made some brief remarks about his opponent.

SHERIFF BARNETT.

Following Mr. Thomas, Sheriff Barnett spoke briefly, asking for support for the whole Republican ticket.

JOHN P. COOK.

County Clerk John P. Cook was the next speaker. He said:

"For the past four years I, like all other incumbents on the Republican ticket, have endeavored to do my duty. I have in that time been your county clerk and am now before you again, standing on my record. I want to say a word for my friend, W. C. Allen, from your own district and a man highly qualified for the position to which he aspires. He will make a competant constable and I ask you to support him as well as the entire Republican ticket."

GEORGE S. PIERCE.

George S. Pierce, the candidate for county auditor, on being introduced thanked his friends in Allendale for the support given him in his present campaign and paid a tribute to R. H. E. Espey, Assemblyman from the district, and a candidate to succeed himself.

GEORGE FRICK.

Aspiring for the office of county superintendent of schools, George Frick took the platform next.

JUDGE W. R. GEARY.

WITNESS TELLS HOW THE POISON ACTED

RIVER, N. J., Oct. 10.—Miss Ura Dudley, whose testimony at the trial of Dr. Frank Brouwer late yesterday created a deep impression, will resume the stand today. Her testimony is deemed highly important by the prosecution and will be dwelt on at length. Miss Dudley's description of the sufferings of Mrs. Brouwer after partaking of a dose of medicine prepared by Dr. Brouwer was sensational. Following her narrative to the effect of Dr. Brouwer's stimulants, the witness gave a dramatic portrayal of Mrs. Brouwer's agony directly after such medicine was given her.

"Her face became blue," said the witness. "Her legs and arms quivered with pain, her jaws set, her toes turned under and she clutched me like a vise."

The witness also testified as to the manner in which Mrs. Brouwer improved when her husband's preparations were ignored, and those of the nurse used instead.

Dr. Brouwer never took his eyes off Miss Dudley from the time she went to the witness chair until she left it. His tall, heavy figure at times twitched nervously, but he never lost the remarkable self-control he has displayed since his arrest.

The lawyers for the defense have not yet publicly indicated what their line of defense will be. It is expected, however, that they will endeavor to show that tomaine poisoning caused Mrs. Brouwer's death and that they will call experts to testify that ptomaine poisoning exhibits the same symptoms as these.

Absorbing interest in the trial continues, the little court house being thronged at every session. In the town nothing else is talked of. Dr. Brouwer has many friends who strongly urge his innocence. The doctor himself talks confidentially of the outcome, declaring he is innocent and that it will be proved at the trial. It is expected that he will take the stand in his own defense.

MAKES REPLY TO J. P. IRISH

T. R. Stevenson Gives His Views on the Industrial Question.

564 Fifty-eighth Street,
Oakland, Oct. 10, 1906.

Editor TRIBUNE: John P. Irish had a communication in last Saturday's TRIBUNE anent the labor problem in these bay cities. Mr. Irish seems to be quite certain that the labor unions are the principal, if not indeed the sole, cause of the high prices prevailing, both for building material and wages. I take no issue with Mr. Irish on the wages question. I am perfectly certain his reasoning along that line is correct, and that these unions will never cease their efforts to shorten the working day and pushing up wages until employers' profits will vanish. Labor union men will probably deny this conclusion, but it is logically true, nevertheless.

If the labor unions can be crushed out of the way, and employers be allowed a free hand to induce outside labor to come in sufficient numbers to make the competition among them for jobs sufficiently fierce, there is no doubt that wages could, and would, be pushed down to the lowest point at which the laborers could live and work. This statement is just as logical as the other statement. Laboring men, in and out of the unions, are always trying to get all the pay possible for the smallest amount of work. The employers are bent on making the largest possible profits, and must not care, effectively for the well-being of their employes.

That there is something very like Mr. Seward's "Irrepressible Conflict" of anti-bellum days here must be apparent even to Mr. Irish. Again: If Mr. Irish, or anyone else who imagines that the price of building material would not have gone up without the potency of the unions in holding up the price of labor, I think he is mistaken. If he thinks a reduction of wages and longer hours in a day's work would reduce the price of material (without reducing the demand), he is also mistaken. If you are really puzzled over the solution of these problems, Mr. Irish, read up on Socialism and they will trouble you no more.

T. R. STEVENSON.

COLORED VOTERS HOLD A MEETING

The Afro-American Council of Alameda County held a largely attended meeting last Monday evening at its headquarters, corner Eighth and Broadway. President Wilson occupied the chair and Mr. Harris acted as the secretary of the evening. Several new applicants were voted into membership.

R. W. Honston of the Bakersfield Council was present and made a ringing speech, which was loudly applauded. Mr. Ricks of the San Francisco Council was also present and addressed the Council. Speeches were also made by Rev. Walker, pastor of Bethedon Baptist church, Attorney Todd, Richard Lenard and A. Strother. Unity of action on the part of the Afro-American voters in the present State and county campaign.

The speakers claimed that the increased population in Oakland since the 18th of April, has increased the Afro-American vote in the city of Oakland and county of Alameda, and over two thousand new names are now on the great register of the county, and will cast their votes at the November election.

G. W. Whitley, who was elected State Lecturer and Organizer, at the Los Angeles congress, paid an official visit to the Alameda Council. He said there is no other organization of a political nature in any part of the State of California, where he has traveled.

The Afro-American Council represents, he said, over fifteen thousand voters amongst that class of citizens in California, and before the November election, said he, I will visit every city and town in the State, where there is a colored voter and have him in the ranks of the Council.

KEEPING BOOKS PLAIN THIEVERY

BERKELEY Oct 10—Students who have been misappropriating books from the University law library were given a severe shock yesterday when Professor William Carey Jones of the department of jurisprudence pronounced the practice plain thievery Mr Jones told his class that the books pilfered from the library during the year amounted to nearly one third of the total amount which was available for the purpose of adding to this branch of the library's equipment

At the time of the earthquake he said it was found that many of the books which were in great demand and which could not be obtained around the bay had disappeared from the shelves in the library We have had many valuable books stolen in this way and in some cases volumes have been taken which it was impossible to replace If the practice is not stopped the University will in time lose many of its priceless volumes which cannot be reproduced and which will be of but little value to those who take them

THUGS ABROAD; NIGHT ALARM

BERKELEY, Oct 10—There was considerable excitement at the local police station last night when it was reported that four footpads were abroad in the college town Chief of Police Vollmer at once got all the men on the force into action and the town was thoroughly scoured

If the footpads were abroad it was not evident for not a suspicious looking character was to be seen on the streets It is probable that if the carnival of crime continues in San Francisco the ten policemen who were to be placed on the force on the first of the month will be placed in action right away Chief of Police Vollmer fears that the criminal element may drift to this side of the bay.

COLD WATER, UGH STUDENTS SHY AT BATHS

SCARCITY OF HOT WATER AT THE UNIVERSITY GYMNASIUM.

Tanks Are Too Small and Only Early Comers May Enjoy Bracing Showers.

BERKELEY, Oct 10—A water famine is being experienced at the gymnasium at the University of California and hundreds of students who are accustomed to taking daily showers may have to forego their baths in the future The tanks that supply the hot water for the showers have been found entirely too inadequate and the supply gives out before half the students have used it The heated water is supplied by the system that warms the university buildings but the tanks on the roof of the gymnasium are so small that they are unable to contain the amount that is daily needed When the system was installed it was believed that it would furnish all the hot water that would be used for a long time to come, but it has been found that the engineers who designed it have made a mistake and now the plant will have to be enlarged Meantime many of the students have to use cold water these chilly days and as a result a general complaint is coming from the collegians who are compelled to take work in the gymnasium and from the members of the football and track squads

SCHOOL WALLS TO BE REBUILT

BERKELEY Oct 10—Shall the walls of the High school which was partially wrecked by the earthquake be torn down and rebuilt or be merely repaired? This was a question that provoked considerable discussion at the meeting of the Board of Education last evening A. H. Broad building inspector for the board, declared that the damaged walls could be repaired in such a manner that they would be entirely safe He said that the work could be done by the use of great iron straps that could be firmly anchored. By employing this system, he said, the school department would save several thousand dollars

President Weir said that the agreement had been reached that the walls were to be entirely torn down and he thought that the decision should be strictly adhered to With other members of the High school board he thought that the opinion of the general public was for rebuilding the walls entirely and he believed that their wishes should be carried out The sense of the board was that the building should be reconstructed in such a manner that the lives of the children might not be jeopardized and the reconstruction of the walls was ordered

Meeting as a committee of the whole, the members of the board considered the drafting of a resolution calling for the submission of plans for the new High school This is to be erected at Allston way and Fulton street at an approximate cost of $30 000

ECZEMA SKIN RAW AND FEVERISH-ITCHING INTENSE

Eczema is a tormenting, stubborn disease caused by an acid humor in the blood coming in contact with the skin and producing redness, inflammation and almost intolerable itching An inactive state of the system and sluggish condition of the eliminative members leaves the waste and refuse matter of the body to collect and sour instead of passing them off through nature's channels of bodily waste The blood in its efforts to purge the system of all foreign matter absorbs this acid and throws it off through the pores and glands of the skin The acrid humor seems to ooze out and set the skin on fire the straw colored, sticky fluid drying and forming crusts, and the itching is intense When these pustules are scratched off the skin is left raw and feverish and often a solid sore is formed and kept up by the constant escape of acids from the blood Local applications of salves, powders lotions etc are desirable and should be used because they allay the itching and give the sufferer temporary comfort, but are in no sense curative, because they cannot reach the seat of the trouble, which is in the blood

S.S.S. PURELY VEGETABLE.

S S S goes down into the blood, cleanses the circulation of all acids and humors, builds up the thin sour blood and by removing every vestige of the cause cures Eczema permanently. The irritating eruptions disappear, the itching and burning cease, and the acid-fired skin, being fed by a fresh, cooling stream of blood becomes soft and smooth again S S S is made of healing, purifying roots, herbs and barks that will not damage any part of the system. San Francisco's Carnival of Crime.

It would not be fair to say that the police force of San Francisco is incompetent, but that it has failed completely to cope with the situation is self-evident. For weeks bands of thugs have been robbing, assaulting and murdering citizens on the streets, in their places of business and in their homes, with apparent impunity. The criminals have become more and more daring in their operations, till something like a reign of terror prevails.

Yet the police seem utterly at sea. They can neither apprehend the villains nor protect the public. They appear to be utterly at a loss as to the identity of burglars and footpads who are making each night a carnival of crime. Apparently the heads of the police department do not know what to do and are in something like a state of funk.

Usually such a condition of impotency is due to lack of force, ability and executive capacity in the heads of the department. There are many evidences that to this cause is to be ascribed the impotency of the San Francisco police force at this time. The Chief appears to have devoted more attention to serving the interests of his friends and favorites than to mastering the details of his office and planning measures to suppress crime. This is hardly a testimonial of fitness or a guaranty of security in the future.

The detective force, which is and should be subordinate to the Chief, is being reorganized by the direction of Acting Mayor Gallagher in spite of Dinan's protest. That it is in need of reorganization few will deny. The business of a detective force is to detect. This the San Francisco force does not do; on the contrary, its record during the past three months has been one of miserable failure—a failure that is responsible for deplorable consequences. The community is well nigh in a state of panic, and citizens are carryng arms in violation of law for self protection.

But it is doubtful if any reorganization of the detective force which leaves it in command of a man who has not made good and who is hostile to the reorganization will effectually remedy the unfurtunate condition of affairs in our sister city. Usually the better way to restore efficiency and morale to the entire constabulary force is to put a new man at its head who will do the reorganizing himself in a way to achieve results. Should the changes in the detective force fail to accomplish the objects desired, Chief Dinan will be in a position to ascribe the failure to the interference of the Mayor. He can deny responsibility for the failure in any event. The Acting Mayor should either have kept his hands off or placed a new man at the head of the police department.

Two Good Police Magistrates.

The activity and increasing boldness of the criminal element emphasize the wisdom of electing good men to the police magistracy. The judicial machinery for bringing malefactors to justice is set in motion in the police courts, hence it is of the first importance that the Judges presiding over those tribunals shall be men of firm wills, clear heads and upright intentions. They should be men with sound judgments and a knowledge of human nature.

In both the present City Justices, Mortimer Smith and George Samuels, Oakland has two police magistrates scarcely to be improved upon. They are square men and know their business. Besides, they have had invaluable experience and have proved their worth and capacity. It would be an act of folly to displace either of them to install a new and untried man.

Judge Smith has been on the police bench for many years and has made an admirable record. He is essentially the right man in the right place, for his knowledge of criminals, criminal practice and criminal peculiarities is comprehensive. He possesses a knowledge, indispensable in a Police Judge, which can only be gained by experience. Moreover, he has no sympathy with the law-breaking class, and can be relied on to vindicate the law.

Judge Samuels is no less qualified for the position he holds. He is a fine lawyer, and a man of ideas and character. He has not served on the police bench as long as Judge Smith, but he had a lengthy and valuable experience as a deputy in the District Attorney's office, in which capacity he showed great industry and efficiency. He proved himself an able prosecutor and a fair man. On the bench he has been a just and fearless Judge. The community can ask no more of a man in his position.

Judge Samuels and Judge Smith are candidates for re-election, having been nominated by the Republican convention. It is gratifying to note that there is no doubt of their election.

Contra Costa's Efficient Sheriff.

The Republicans of Contra Costa County have put a strong local ticket in the field. One of the most commendable of their nominations was that of R. R. Veale for Sheriff. Mr. Veale is one of the best Sheriffs in California. He has been in office nearly twelve years, and he has improved in efficiency as a peace officer with each year of service. We presume that Sheriff Veale will be re-elected as a matter of course, because it is hardly conceivable that a sensible community would dispense with the services of so vigilant and capable an official at a time when the frequency and boldness of criminal depredations render the need of such men as he imperative. Over in Alameda we are interested in securing a good man like Veale in the Sheriff's office in Contra Costa County, because a portion of Contra Costa County is practically a continuation of the urban community comprising Alameda, Oakland and Berkeley. Police vigilance across the Contra Costa line makes it safer for the inhabitants on this side of the border. That is why people in Oakland and Berkeley are interested in seeing Sheriff Veale re-elected.

THE HUNDRED-YEAR NATION.

A German statistician has made a careful investigation to discover in which countries the greatest age is attained. The German empire, with 55,000,000 population, has but seventy-eight subjects who are more than one hundred years old. France, with fewer than 40,000,000, has 213 persons who have passed their hundredth birthday. England has 16, Scotland 46, Denmark 2, Belgium 5, Sweden 10, and Norway, with 2,000,000 inhabitants, 23. Switzerland does not boast a single centenarian, but Spain, with about 18,000,000 population, has 410. The most amazing figures come from that troublesome and turbulent region known as the Balkan peninsula. Servia has 573 persons who are more than one hundred years old, Roumania 1084 and Bulgaria 3883. In other words, Bulgaria has a centennarian to every 100 inhabitants, and thus holds the international record for old people. In 1892 alone there died in Bulgaria 350 persons who had exceeded the century.—New Orleans States.

The Corporation Organ a Failure.

No newspaper owned by a corporation having private interests to serve at the expense of the general public, and conducted to promote corporation ends can be a success, because it cannot print the news fairly and fully; cannot stand for the interests of the public when they clash with the designs of organized capital; cannot treat public questions from a disinterested standpoint. The corporation organ is merely the mouthpiece of private greed; it is simply one of the agencies employed to promote corporation schemes, a tout for corporate interests. It is folly to expect such a journal to advocate measures, however necessary and beneficial to the public, to which its corporation masters are opposed; that is precisely what it is maintained not to do. When a corporation defies the law or imposes on the public, its journalistic parasite is supposed to earn its keep by defending the lawlessness and imposition. The people soon find this out, and refuse to either be led by monopoly sheets or regard them as genuine newspapers. That is why the corporation organ is invariably a failure financially as well as a fraud as a purveyor of news. Millions have been sunk in the effort to make newspapers maintained to serve corporate interests popular and self-sustaining, but in every instance the result has been failure. The organ is impotent to mould public opinion; it loses money as a business proposition, and it makes enemies instead of friends for the corporation that maintains it.

Theodore Bell says he will get 25,000 plurality north of Tehachapi, while Gillett will not get more than half that south of the divide. Oh well, the Democrats always win in October and lose in November. Mr. Bell will be lucky if he gets any plurality north of Tehachapi, so all the plurality Mr. Gillett gets in Southern California will be practically velvet. Close observers figure that he will come to Tehachapi from the South with 30,000 to 40,000 to the good.

Favorable Report on Dreadnaught May Influence Plans of American Builders

WASHINGTON, Oct. 10.—Considerable interest has been manifested among naval officers concerning the recent trial of the British battleship Dreadnaught and official notice has been taken of the trial to the extent that the reported results have been communicated to each of the bureaus of the departments by Captain Rogers, chief of the intelligence bureau. These reports are favorable and may have an influence upon the plans which are being made for a big battleship of equal size to be constructed by the United States.

TERRORISTS ARE HANGED

LODZ, Russian Poland, Oct. 10.—Five terrorists, sentenced to death by drum-head court-martial, were hanged this morning. The employes of the street railroads, the school teachers and the newspaper employes have joined the men in all the factories who went on strike yesterday as a protest against trials by drum-head court-martial.

At Bendzin yesterday five Socialists were tried by drum-head court-martial and shot for armed resistance to arrest.

The Autotone Piano

Naturally the first question one would ask is, "What is it?" It is what the name signifies—a piano in which the tone can be produced automatically. It is a combination of an upright piano and the newest, most complete and ingenious mechanism for producing music by means of a perforated roll. It is an ideal piano and a musician's piano on account of its beautiful touch and finely regulated hand keyboard. It is also a novice's piano because within its case are means by which all classes of music can be played without the slightest study or practice in a manner equal to that of great artists. When played by hand there is nothing about the piano to distinguish it from the usual upright.

There is no influence in a home so refining as that which is produced by good music. Until recently we have been dependent upon some member of the family to produce this refining influence, but with the advent of this new combination, the Autotone piano, it is all changed, as any member of the family above the age of five years can play with the greatest of expression.

This great invention is being adopted by some of our most prominent educational institutions as a means of cultivating appreciation of the best class of music in the most thorough manner.

The levers seen in the accompanying cut, also the pedals and aperture for the music roll, are entirely covered when the playing device is not in use.

We have a full line of these player pianos in stock; also other makes of combination pianos, including the Knabe Angelus, the highest class instrument made as a player piano. Call and investigate our line, or write for circulars. We will be glad to furnish them to you free of charge.

DOCTOR'S WORDS

Talks About the Analysis of Postum Food Coffee.

To the Doubting Thomasses, the endorsement of a physician as to the wholesomeness of Postum Food Coffee may be comforting.

When coffee causes nervousness and dyspepsia, it's time to stop it. And there is where Postum is a true comforter. It is a warm, palatable and wholesome beverage and at the same time is a liquid food.

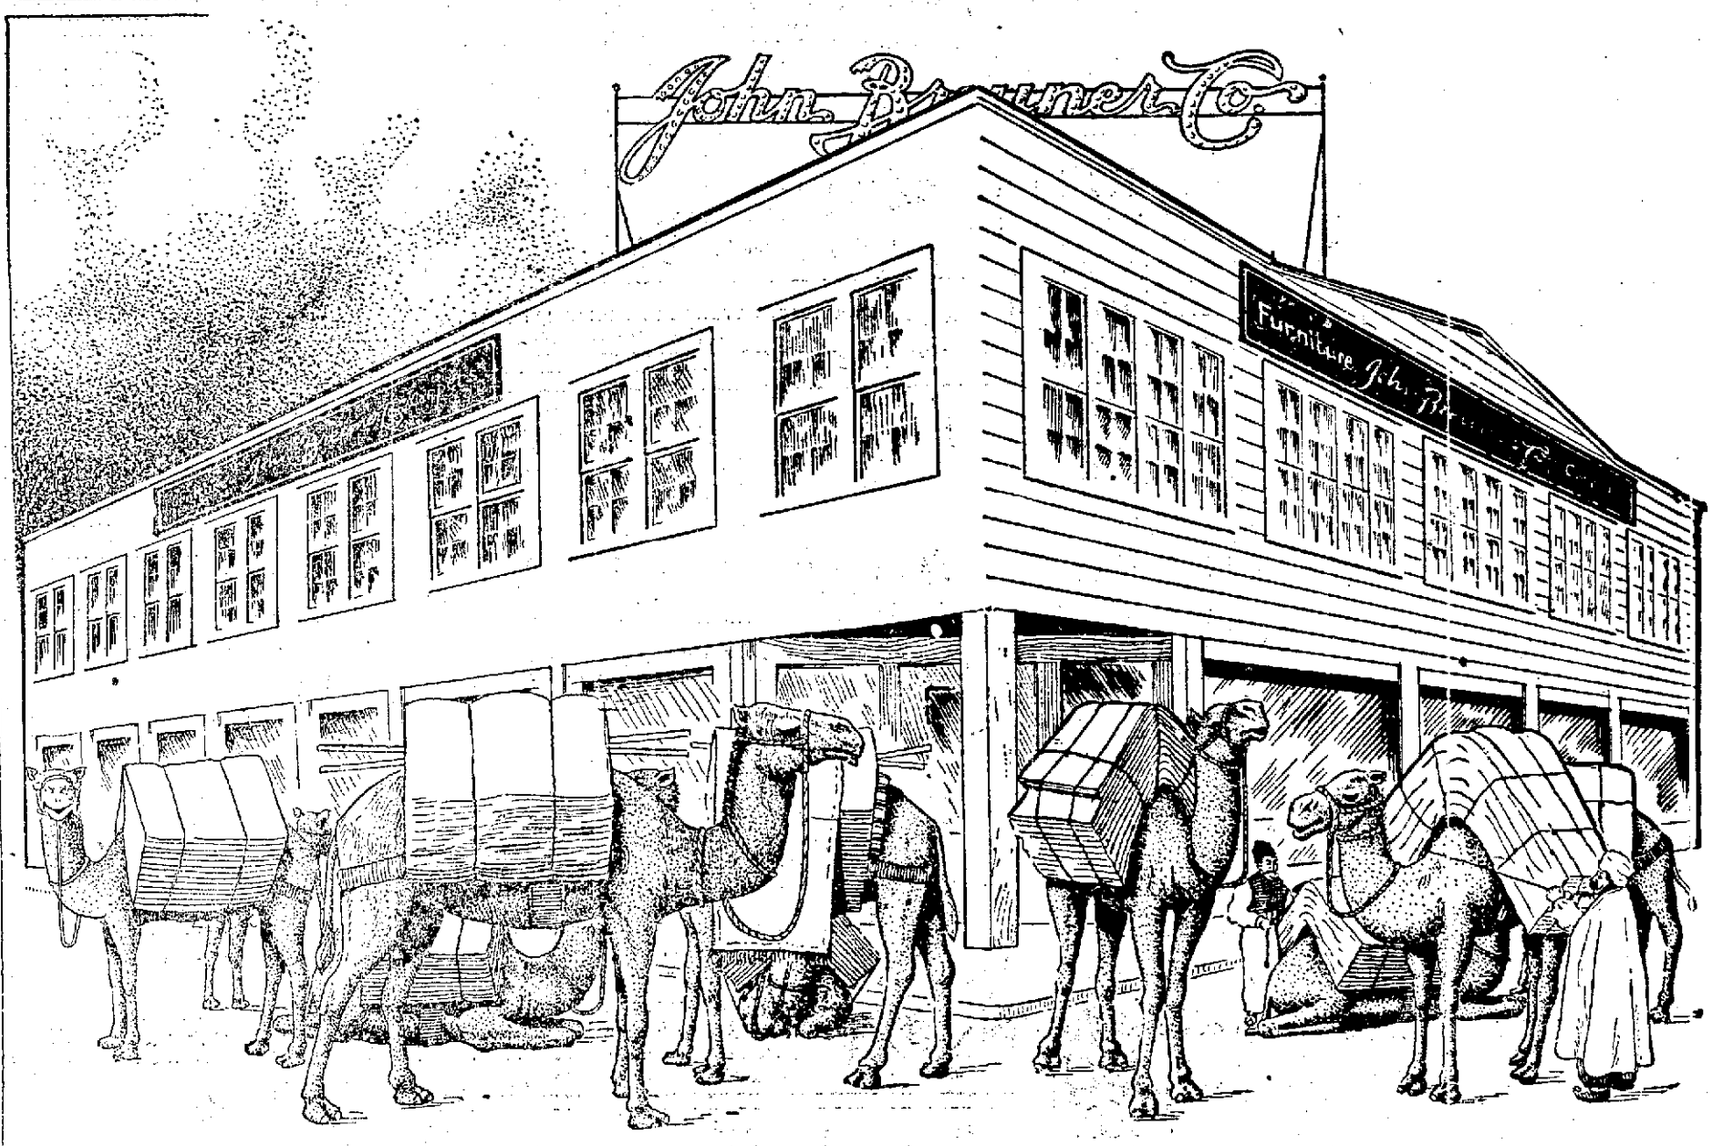

Coffee does harm, not because it's well or poorly made—not because it's high or low priced—but because of the alkaloid—drug—caffeine, it contains. The habitual use of coffee, therefore, forms a drug habit.

A Buffalo physician said recently, "I have used Postum Food Coffee in my family and find it to be all that is claimed for it—a most wholesome, delicious beverage. When made and served according to directions it is certainly delightful and refreshing.

"I have read carefully Dr. Davenport's analysis of Postum Food Coffee, as printed on the pkg., which I most heartily endorse. I have been prescribing it to my patients."

The Dr. is right and there's a reason. Read the little book, "The Road to Wellville" in pkgs.

COL. SMITH IN COMMAND

Fifth Infantry Stands High in Rating in Second Brigade, N. G. C.

The following self-explanatory order has been issued by Colonel D. A. Smith of this city, who has just taken command of the Fifth Regiment of the National Guard of this State

"Having been commissioned as Colonel Fifth Infantry, N. G. C., by Governor George C. Pardee, commander-in-chief, and duly qualified under such commission, the undersigned assumes command of the regiment.

"Regimental headquarters have been established at 460 Twelfth street, Oakland, California, where all communications should be addressed.

All of the staff officers of the Fifth regiment, with the exception of Adjutant Margo, have tendered their resignation to Colonel Smith. This is in accordance with military precedent so as to enable the new commander of the regiment to select his staff without aiding former officers to retire. Captain Margo's resignation has not been forthcoming, because of his absence from the State. Some weeks, however, must necessarily lapse before the new staff can be appointed.

In this connection, it may be stated that one of the companies of the Fifth Infantry, viz. H, of San Jose, Captain Holtum commanding, has been awarded the trophy for rating and standing in the Second Brigade, N. G. C. This award has been based upon the markings of the assistant inspector-general, the acting brigade inspector, and the reports of small arms practice for the year 1905. The general average of Company B. was 92.73. The average of the other companies of the Fifth Infantry in this county was as follows: A Company, Oakland, 80.29; F Company, Oakland, 89.65, G Company, Alameda, 88.05; I Company, Livermore, 83.67. The relative order of merit is as follows: B Company, San Jose, first; I Company, Livermore, eleventh; F Company, Oakland, fourteenth, and A Company, fifteenth.

RELATIVE SHOOTS GIRL'S ADMIRER

NEW WYORK, Oct. 10.—Detectives Farrell and Adubapo, of the Newark, N. J., police, arrested yesterday, at the tenement house, No. 418 East One Hundred and Fifteenth street, Manhattan, Tony Zacardo, fifty-seven years old, of No. 46 Delancy street, Newark, N. J., who, they alleged, shot Sunday night Joseph Dolicio, twenty-seven years old, in Newark. The wounded man is in St James' Hospital, that city, at the point of death.

According to the detectives, Zacardo has a pretty little grand-daughter, Mary Marrone, thirteen years old, who lives with him, and who has been the subject of unwelcome attention by Dolicio. He, the detectives, said, had been warned to cease his annoyance, but instead had been nightly in the habit of going to Zacardo's house and singing beneath little Mary's window.

He made his appearance Sunday day night and had started singing when Zacardo appeared at a window with a revolver. Dolicio, seeing him, started to run, but a shot in the back, just over the left hip, laid him low.

Zacardo escaped and the police learning that he had a brother-in-law in Manhatton, sent detectives there, with instructions to search Little Italy. After searching all night the detectives were directed to No. 418 East One Hundred and Fifteenth street and there, at 7 A. M. yesterday, they discovered a number of men and women in an apartment on the fifth floor.

After inquiring for Zacardo the two detectives saw one of the men pass a revolver to a woman. They seized him. After a few moments he acknowledged he was Zacardo and was taken to the station house.

He later was arraigned in the Harlem Police Court and consented of his own free will to accompany the detectives to Newark.

BORROWS TROUSERS TO IMPRESS JUDGE

MINNEAPOLIS Oct 10.—Ralph Davis was yesterday released from jail where he had been held on a charge of burglary.

Shortly after his release a loud wail came from John Swafford's cell, and upon inquiry Jailer Clausen found that the prisoner had good cause for complaint, since Davis had gone away wearing the Swafford trousers which he had borrowed to make a presentable appearance in court.

"I didn't think he'd steal from a fellow prisoner," said the pantless prisoner.

"But he did," was the jailer's only comment.

Today Davis was found to have been re-arrested by the police on another charge. He admitted having stolen Swafford's wearing apparel, and pleaded in excuse that his were only sompants and not the kind with which to make a good impression before judge and jury, to say nothing of the spectators. A trousers exchange was established and Swafford is happy again.

HORSES COMING THICK AND FAST

MANY OWNERS WIRING FROM EAST FOR STALLS.

List of Campaigners Who Are Coming to Coast Is Very Long.

By LEE DEMIER.

Bookmaker Bill Jackman, who recently arrived from New York, has taken up his abode in Oakland. He says he did not fare so well this season on the big tracks around New York.

* * *

Charley McCafferty will campaign the following horses at Emeryville this winter: Joe Coyne, Nonie Lucille, Early Hours, Dr. Leggo, Mill Song, Tejon, Pinaud, Tom Crow, Alderman Batt, M. A. Powell, Nine Spot and Bessie Vasey. Ralbert, who couldn't beat a fat man one day and the next would run your eyeball out, using a racing phrase, will not be seen at Emeryville this winter. The horse was claimed out of a selling race this summer.

* * *

Jockey Teddy Robinson has arrived from Louisville. He will wear the colors of Applegate & Cotton this winter.

* * *

Johnny Schorr, who has raced a stable of some of the best horses in the country at Emeryville and Ingleside for the past ten years, will pass up the coast this winter. New Orleans will be his destination.

* * *

Jack Reevey lost a filley by Rubicon and Lilly Pantlan.

* * *

Owner Oscar Humes has wired from Louisville for five stalls. His stable is headed by Yo San.

* * *

Trainer Butch Fisher lost a good looking colt by Rubicon and Anita B.

* * *

J. F. Muir, brother of Billy Muir, who raced a stable of horses at Emeryville and Ingleside a few years ago, has wired from New York for ten stalls. Muir has some shifty performers in his string.

* * *

Sandy McNaughton, who cut quite a figure in racing circles both on the local and Ingleside race tracks, wired Secretary Treat from New York that he will bring out four useful performers to Emeryville.

* * *

The new race track at Le Tremblay has been formally opened and will be a strong bidder for popular favor in France. It is located near Nogent, east of Paris. The grandstands and general equipment are described as embodying the best features in modern race course improvements. The minister of agriculture was present and conferred decorations on the officials.

* * *

At Bowling Brook farm there are ten yearlings by Compute and six by Fitzgrane. Robert Walden says one of the Fitzgrane colts is a dead ringer for Accountant.

* * *

George Marsh has parted company with Charley McCafferty. Mr. Marsh has Quizz II. and Rivaral in training at Emeryville.

* * *

James S. Ownsby has written a letter to Sam Gibben from Louisville for eight stalls.

* * *

Mike Pearce has bought Kermit from Jimmy Long. Mr. Pearce is looking around for a few more useful performers.

* * *

Trainer Jimmy Long is breezing and galloping his bread-winner, Sterling Towers.

* * *

Trainer "Frisco" Hoag is galloping Fulletta, Paleman and Grace G in a two-minute clip.

* * *

Trainer "Doc" Rowell had Rubric, Corn Blossom, Sir Russell, Plausible, Lord Nelson and a bunch of 2-year-olds on the track yesterday, giving them light work.

* * *

Trainer Steve Judge sent Theo. Case and Miller's Daughter along at a two-minute gait.

* * *

Del Fountain is jogging along Belcman, David Bolar, Beechwood, Miss H., Merry-Go-Around and Royal White at a two-minute gait.

* * *

Luhn, a shifty performer in Elliott's string, is burning up the track these mornings.

* * *

Clocker "Stump" Golden was out this morning breezing Lassen at a good clip.

* * *

Trainer John Taylor (Black John) says that Scherzo and Figure will be two horses hard to beat when he gets ready to let them down.

* * *

The jungle element is due from Spokane today.

* * *

Wexford, who raced at Emeryville last winter, won a bracket at Louisville yesterday.

* * *

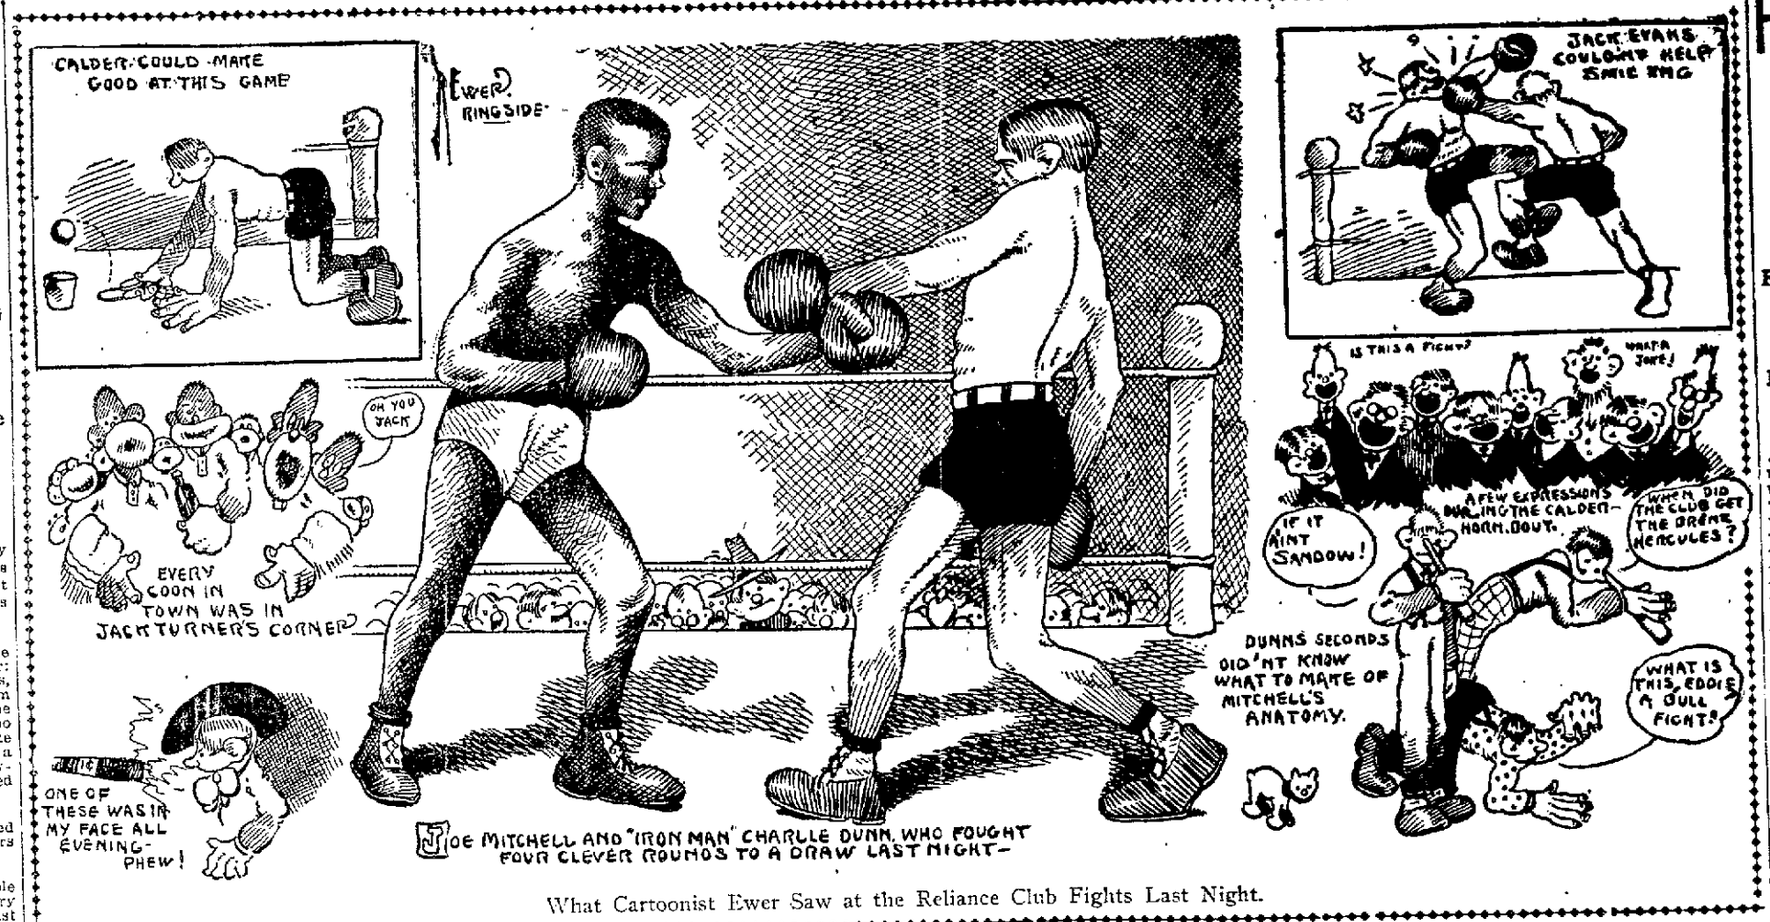

G. B. Morris returned to Gravesend the other day with his string recently raced at Hamilton, Ontario. The veteran horseman will leave for San Francisco in three weeks and will confine his winter campaigning exclusively to Oakland.

* * *

"Marty" Bergen, once a well known jockey, is seriously ill with pneumonia at his home in New York.

* * *

Jack McAuliffe, the ex-lightweight fighter, is the latest active addition to the turf. He has always been one of its devotees and he has bought Pierrot by Disguise-Pretty Maiden, a Keene castoff, and turned the colt over to Arcale Zimmer to train. McAuliffe's colors will be significant, a boxing glove on a claret jacket, with claret cap.

What Cartoonist Ewer Saw at the Reliance Club Fights Last Night.

FURIOUS BOUTS AT RELIANCE CLUB

FAST FIGHTING MARKS BOXING SHOW LAST EVENING.

Dunn-Mitchell Bout Called a Draw—League Challenges Choynski.

(By Kelly, the Ringside Poet.)
A roped arena, the savage throng
In wild expectancy waiting the gong.
The seconds appear with bucket and towel,
The fighters are met with a mighty howl.
The fight is on and soon is heard
Ringside advice as on they're spurred
And through a misty haze of smoke
Comes ringside English as he's spoke.

"Dig in kid; a straight left jab!
"Bore in now—down cellar! stab!"
"Aw! break away; stave in his slats;
Make 'em fight! (23!) sk doo; Aw rats!"
"Bore in, Slim; root, you sucker, root!
Now upper cut him or the snoot!"
"Oh, hully gee! what a kidney blow!
One more like that will cap the dough."

And so it goes, this lingo queer;
'Tis always so when sports are near.
A language plainly all their own,
This ringside English as it's known.

The usual large crowd of fight fans at the Reliance club last night witnessed some of the fastest and fiercest fights ever given at the club.

M. Brent and L. Johnson started the evening's entertainment. Johnson won over his heavier opponent after four rounds of clever fighting, receiving a well earned decision.

Eddie Lovejoy went down and halfway out of the ring in the second round in his fight with Tommie Burns. He concluded he had enough so stayed down.

CLAIM A FOUL.

Otto Horn put T. Calder down three times in the second and while Calder was down looking for a soft spot he apparently was accidentally struck by Horn. Calder claimed a foul, which was not allowed by the referee.

Calder refusing to go on, the decision was given to Horn.

Kid Joseph's jabs over the heart were too much for Jack Turner, who retired in the second and had to be carried from the ring, but soon revived.

FIRST MAIN EVENT.

In the first main event Loren Brown got the decision over Jack Evans after four rounds of fast and vicious fighting.

Both men fought hard for a knockout but Evans was adjudged to be outpointed by Brown.

Evans bled freely from a cut over the eye and Brown from the nose, both being covered with gore at the end of the go.

DUNN-MITCHELL.

"Iron Man" Charlie Dunn and Joe Mitchell fought a four-round draw in the second main event.

Mitchell's clever footwork puzzled Dunn, who took an awful beating but came back for more each time.

Mitchell ran into several hard jabs and was bleeding freely at the end of the fight. The decisions were well received by the crowd.

The initial number of the club's new magazine was distributed to the crowd and was very favorably commented upon. It is filled with bright, breezy notes of local interest and makes a very creditable appearance.

CHALLENGE ACCEPTED.

During the evening "Cyclone" Joe Thompson, the champion welterweight of America, was introduced; also Harry League, who challenged Young Choynski to fight for a side bet of from $100 to $500.

Young Choynski was introduced and accepted the challenge.

NEW BRAND OF NINTH-INNING FINISHES

OAKLAND WINS A GAME THROUGH AID OF THE SEALS.

Errors Figure in Victory of Locals, Who Also Outhit Their Opponents.

There was a ninth inning finish at Idora Park yesterday, but it was not the glorious kind you are in the habit of reading about.

The game was not a particularly startling one, but the Oaks won, so there was at least one redeeming feature.

In the first of the ninth the Seals managed to get a man as far as third, with no one out, but Walthour—for he was the runner—refused to take a chance on stealing home and stood stolenly at third while three men in a row were being led to the bench.

Then the locals pulled the game out of the fire, but only by the aid of San Francisco errors.

A pass, a bunt and a slow throw to first of an infield hit put two men on the sacks. Devereaux sent a short fly to right, but Walthour juggled it and Bliss started home. The ball was sent to Wilson at the plate, but the captain dropped the throw and Bliss, who could easily have been sent to bed, scored the winning run.

OAKLAND WILL HAVE A GREAT TEAM NEXT YEAR

Heitmuller May Be Moved to the Outfield.

The directors of the Oakland Baseball Club are already laying plans for next season and declare that, although the team has lost considerable money this season as a result of the San Francisco catastrophe, if coin will bring about the desired result, Oakland will have a first-class team to represent it, and one that will make a strong bid for the pennant.

NEW GROUNDS.

One of the most important changes in connection with next year's baseball affairs, is to be the removal to new grounds. The Idora Park management contemplates using the space now occupied by the baseball people, and the latter will, of course, have to seek quarters elsewhere. No site has as yet been definitely considered, but the directors state that they will secure a location which is at once central, accessible and commodious.

Those at the head of the baseball situation declare that the beginning of next season will also see new grounds established in San Francisco, and the game moving along on its old prosperous basis.

The Oakland directors are already making endeavors to secure new material for next year's team, and have their eyes on a number of promising players in the East.

RANDOLPH TO BE BACK.

Kruger and Graham, of course, will not be with the team, having been sold, the former to Cincinnati, and the latter to Washington. The absence of Graham will not necessarily mean the acquirement of another twirler, since Randolph, the Alameda boy, who has been making such a good showing with Los Angeles, was merely loaned to that club to assist in the stress of circumstances following the San Francisco fire, and the sudden departure of the men whom Manager Morley advised to go East.

Randolph will, of course, return to the Oakland team next season, and, judging by his record, since he has been with Los Angeles, will prove a good substitute for Graham. The local club also has for pitchers Hopkins, Cates, Reidy and Smith, and these with the addition of Randolph, will make an excellent quintette.

There are also four pitchers who belong to Oakland, who are either loaned out or out of organized baseball. They are Hogan, Iburg, Emerson and Blexrud.

The latter was loaned, first to Ogden, and then to Spokane, where he finished the season. Emerson has been pitching good ball for San Jose, and if he returns to big league company will have to dicker with Oakland. The same is true of Hogan, who has been performing other work in Bakersfield this summer, and Iburg, who has been out of baseball, also, this season.

GEORGE VAN HALTREN, Manager-Captain Oakland Baseball Team.

HEITMULLER TO FIELD.

In securing a substitute for Kruger, it may be decided not to put the new man in the field. If a first-class player can be secured for the first base position, Heitmuller will be moved to the outfield, where it is figured he will be of much more service to the club. He has proved a fair first baseman, but has not made a brilliant showing, and his worry over his inability to reach the standard he desired, it is believed, has interfered with his stick work. Thus such a change would be beneficial all around.

Kruger has been out of the game for some time as a result of an injury received in a Los Angeles game, when he was spiked by Jimmy Toman, the second baseman of the Seraphic outfit. Kruger was attempting to slide to second in stealing the base, when Toman accidentally jumped on him in trying to catch the ball, and Kruger's moving form carried the two several feet, while Toman's spikes thus were ground into Kruger's prostrate form all the more severely.

GOOD CATCHERS.

The team has two excellent catchers in Hackett and Bliss, who will be on hand at the beginning of the season.

Haley, the second baseman, who was taken from the St. Mary's College team, has not shown star ability, particularly in his hitting, but Captain Van Haltren thinks he will overcome the trouble in this respect next season.

Thus far, he has been unable to drive his smashes anywhere except to left field, and the players know just where to lay for him. Van expects to teach him how to pull his hits over toward right when he wishes, and thus the young fellow, who is naturally a good batsman, will become a scientific one as well.

RANDOLPH AIDS SERAPHS TO WIN

SOUTHERN MEN VICTORS BY MARGIN OF ONE RUN.

Wild Throw by Blankenship Permits Only Score of the Game.

LOS ANGELES, Oct. 10.—The Seattle team went down to defeat in the opening game yesterday with Los Angeles, the locals in the second inning scoring the only run made.

Both Randolph for the Angels and Jones for the visitors pitched good ball. Jones struck out seven men and Randolph five. A wild throw by Blankenship to third base allowed Carlisle to score in the second. The score:

PORTLAND HITS PITCHER AND WINS

FRESNO, Oct. 10.—By their ability to hit McGregor, the Portland players defeated Fresno yesterday in a very fast game of baseball, replete with rapid fielding by both teams.

Until the last inning Gum pitched a shut-out game against the Raisin Eaters, but they landed on him for four hits at the last minute, bringing in two runs after two men were out. With the sacks full, McLaughlin hit a hot ball to short which looked like a hit, but Sweeney made a one-handed catch, saving the Giants from possible defeat. The score:

KAUFMANN ON WAY.

Kaufmann left Philadelphia for the coast yesterday morning and will be on hand in a few days. Delaney has not settled upon training quarters as yet, but has in mind Croll's in Alameda if the necessary accommodations can be secured.

Berger has been keeping in condition for several days at Shannon's in Marin county and will prepare for the contest on that side. He will have Jimmy Britt as a sparring partner and will likely gather in one or two other pugilists also. Patsy Corrigan is mentioned as one of these.

CENTURY CLUB ELEVEN AT WORK

All is activity among the football men of the Century Athletic Club. The old game under the new rules will me played and active training has already begun.

The 1906 team is expected to be an even better team than the crack 1905 aggregation. Many veterans and college football players are expected to turn out, and while a heavy team is not expected, the prospects are very bright for a fast and clever eleven.

This first practice went off with the greatest spirit shown by candidates, and the lads hope to bring the State amateur championship to Oakland.

Address all communications in reference to games to Guilbert Thomas, room 70, Macdonough building, Oakland.

A representative of the New California Jockey Club who canvassed the owners at Brighton Beach last week in the interest of the meeting at Oakland the coming winter, announces that the following will send to California at the close of the Belmont Park meeting horses to the number set opposite their names: J. L. McGinnis 10, B. Schreiber 40, J. J. Walsh 29, L. A. Borsack 10, Davis & Weber 20, Ed Peters 15, Curl Brothers 15, W. A. McKinney 10, James Blute 10, J. A. Benet 10, O. F. Rockett 8, E. Whiskey and the Drug Habit

Nearly every day we hear something good about Orrine, the only guaranteed cure for the whiskey and beer habit. The other day a lady told us that a person in whom she is greatly interested has discontinued drinking since using Orrine. This treatment does not detain the user from work and is a simple remedy, easy to use and so sure to cure drunkards and stop the fearful craving for drinking, that we sell it under an absolute guarantee to refund the money if it does not cure.

Orrine is in two forms: No. 1, to be given secretly, and No. 2, for those who wish to be cured. Each form costs $1.00 and both are guaranteed. We would not recommend it if we had not assured ourselves of its great value. Mail orders filled. The Orrine Co., Washington, D. C., or Owl Drug Co., 18th and Broadway.

OAKLAND MAN HIGH UP IN SHOOT

P. A. Becker, of the Oakland Revolver Club, last Saturday during a regular shoot on the club's 20-yard indoor range, scored 448 out of a possible 500, which is the club record for a 50-shot score.

W. C. Prichard, also a member of the club, just received notice from the United States Revolver Association that in competition for championship of the United States he won second honors, scoring only two points below the highest man.

Clocker Sullivan, who is at present taking in the game at Butte, Mont., writes that he will be on hand shortly to clock the runners at Emeryville.

YOST AND HIS TON OF FLESH

Mr. Yost of Michigan opened a trick with a hole in it when he lined up the 'varsity with Capt. Joe Curtis at end, says an exchange. Curtis carries something like an eighth of a ton of beef and brawn whenever he moves, but has the speed of a quarter horse. Asked why he shifted the mastodon from tackle, Yost's smile stretched a trifle.

The reason for the shift may be found in rule No. 11 of the "debrutalized" production of Camp, which says: "No player of those ordinarily occupying the position of center, guard or tackle—that is the five middle players of the line—may drop back from the line of scrimmage on the offensive unless he is at least five yards back of the line of scrimmage when the ball is put in play, and another player of those ordinarily behind the line of scrimmage takes his place on the line."

A note following this rule is intended to prevent shifting of men to evade the rule.

But if Curtis remains at end he is not included in the five middle men, so can be drawn back to the line and will not have to go back five yards either. With Garrels at full, playing out for the "on side" kick, that department can be taken care of and Curtis will be near enough the line to receive the ball and open holes by line plunging.

It is the first startling shift in Western football dope and if it works as Yosh seems to anticipate, will be another demonstration of that coach's foxiness.

BASEBALL IN NEW FASHION

The game was called with Mclasses at the stick. Smallbox was catching. Coal was in the box and had lots of steam, Horn was playing first base and Fiddle second base. Corn was in the field and Apple was Umpire. When Ax came to bat he chopped, and Coal let Brick Walk and Sawdust fill the bases. Song made a hit and Twenty made a score. Every Foot of ground kicked and said Apple was rotten. Balloon started to pitch, but went up in the air.

When Spider caught a fly the crowd cheered. Old Ice kept cooling the game until Coal burnt him with a pitched ball, you should have heard Ice Cream. Cabbage had a good head and kept quiet. Organ refused to play and Bread loafed around and put him out. In the fifth inning Wind began to blow about what he could do and Hammer began to knock, then the Trees began to leave. Knife was put out for cutting first base. There was lots of betting on the game and Egg went broke, but Soap cleaned them up.

They all kicked when in the heat of the game Coal was put out and his future temporarily coked, but not before he roasted Pork good and hard for his pig headedness. Balloon went up in the air again when Pig began to root. The score was 1 to 0 when Apple old Fiddle to take his base. Oats was shocked, not having a grain of sense. Song made another hit and Trombone tried to slide, but was put out. Meat was playing for a big steak but was put out on the plate, after having roasted up the umpire. The score was 2 to 1 and the game was over; Door said if he had pitched his game he would have shut them out.

DR. G. DERRICK ON THE STAND

Denies That He Wounded His Mother While She Was Incompetent.

Dr. George H. Derrick is a well known physician of this city. He was the central figure in Judge Ellsworth's court yesterday afternoon when he occupied the witness chair to deny the charge of his mother, Mrs. Anna J. Gilson, made by her in her suit, alleging that he failed, neglected and refused to account for money or property intrusted to his care, when the plaintiff became an incompetent. He was also present to deny that he collected or received great profits in any amount in excess of what would be ordinary interest. Dr. Derrick was appointed a guardian for his mother at Reno, Nev., May 17, 1902. A year later she became competent, and he filed his final account, showing that he had left to be placed to her credit $2510.3[illegible].

Attorney Rinehart subjected the witness to a scathing cross-examination in an effort to derive from him an idea of his financial transactions during the past three years. But Dr. Derrick sought refuge in the reply: "I am unable to state."

The case will possibly come to an end tomorrow.

IS CHAMPION JAIL-BREAKER

KETCHIKAN, Oct. 10.—Ketchikan has a champion jail breaker. He has escaped from a United States jail three times within as many weeks. The jail is of modern construction, the bars and locks of the latest approved pattern, and the place to the average evil doer would be considered burglar proof.

A month ago Clarence Maitland was tried for giving whisky to Indians. He was found guilty and given a sentence of fifty days. In a few days he escaped, but was recaptured after several hours absence. He was brought back to the jail and locked up with unusual care, but he picked the lock and again escaped. After being away a couple of days he was discovered in the Indian quarter and the officers who came upon him found that he was armed with a 44-calibre bulldog revolver which he threatened to use on the officers. He was finally captured, returned to the jail, then again tried for carrying concealed weapons and got a further sentence and he had before him the sum total of 125 days to serve in prison.

He was leg-ironed and put in a double secured cell. Today he escaped again. He had taken off his leg irons and in some way got out of the cell and out of the jail and seems to have made off for good. The United States marshal has a posse after him, but so far no trace of him can be found.

LAD OF 5 ILL FROM DOG BITE

GREENWICH, Conn., Oct. 10.—Raymond Billingsly, 5 years old, was bitten by a dog on September 9, and yesterday he was taken to the General Hospital suffering from rabies.

At the time the little fellow was bitten he and his brother were playing in a boat. A fox terrier, which had been running along the edge of the water, near them, rushed to the boat and attacked Raymond. The wounds were cauterized and the dog was shot.

Raymond did not show any signs of being ill until Friday night, when he became nervous and grew worse so rapidly that physicians soon diagnosed the case as hydrophobia.

BABY OF 3 KILLED BY HORSE'S KICK

HAMILTON, Oct. 10.—The three-year-old son of Mr. and Mrs. Richard Thompson, living on a farm near Grands lake, twelve miles from this place, was kicked in the forehead by a vicious horse yesterday morning and died at 1 o'clock this afternoon without recovering consciousness. The child's skull was badly fractured, pressing five pieces of bone against the brain, and the attending physician considers it remarkable that life remained in the body for so long a time.

FATHER AND SON MEET IN PATROL

CHICAGO, Oct. 10.—George Regan, 45 years old, and his son Arthur, 20 years old, met today in the Black Maria, on their way to the Chicago Bridewell. The father had just ended a week's campaign along the Levee, while the young man had been convicted of stealing brass from freight trains.

The father will be held for 100 days, in default of $100 fine. The son will not be out for a year. In the meantime Mrs. Regan will support her two smaller children by scrubbing the floors in the Chicago [illegible] house building.

HURT NINE YEARS AGO; JUST RESUME WORK

WILKES-BARRE, Pa., Oct. 10.—After nine years George Gasprek and Michael Slabonick, two of the men shot by the Sheriff's deputies at Lattimer on September 10, 1897 have resumed work. Ever since then they have been suffering from the wounds inflicted and are now able to do only light work. Gasprek resumed work today, Slabonick last week. One more victim of the shooting is still helpless. He is John Slabonick.

BULLOCK WITHDRAWS.

Because he did not wish to run against his friend Frank W. Leavitt, the Republican nominee, John C. Bullock, candidate for State senator from the Sixteenth senatorial district, withdrew from the race for the office yesterday afternoon by tendering his resignation to County Clerk John P. Cook. Bullock was the choice of the Democrats.

PROHIBITION RALLY.

James H. Blanchard of Los Angeles, Prohibition candidate for governor of California, will address the citizens of Oakland, Thursday evening, October 11, at the Free Baptist church, Twenty-first street near San Pablo avenue. State Chairman Leonardson will also speak. A large attendance of those "opposed to saloon domination in politics," is expected.

OPENING PRICES IN STOCKS.

NEW YORK, Oct. 10.—First prices of stocks showed little change from last night, significant gains and losses were mixed and business light. There were advances of about a point in National Lead and American Ice and ⅝ in Smelting. A fair amount of prominence was given to the specialties but they did not by any means monopolize dealings as they had recently. Smelting was about the only stock of the group in which the movement attracted large attention. In the Standard Railroad list, Union Pacific was the feature. Business was in the main limited proportions. Northwestern and Smelting advanced 1¼. Union Pacific rose 1¾. Federal Mining preferred 2½. United Realty 4 and American Tobacco preferred 2½. A sagging tendency of prices was reversed by the influence of large buying of Union Pacific, which carried it up 2⅝ to above 190. Northwestern rose 5, St. Paul 1½ and Reading, Delaware and Hudson; United States Rubber and Hide and Leather preferred 1. Prices receded slightly before noon. Bonds were firm.

Strength continued to develop in various stocks which, however, did not benefit the list as a whole. The market at times was almost stagnant. Great Northern preferred gained 2½ and Union Pacific 3.

When the rise in Union Pacific halted St. Paul was put forward as a leader and moved up 2⅝. Pennsylvania also was bought heavily, but the influence of these movements was small, the rest of the list remaining practically unchanged.

COPPER AND LEAD.

NEW YORK, Oct. 10.—Copper strong, unchanged. Lead steady, unchanged.

NEW YORK PRODUCE.

MIDDLE LIFE

A Time When Women Are Susceptible to Many Dread Diseases—Intelligent Women Prepare for it. Two Relate their Experiences.

The "change of life" is the most critical period of a woman's existence and the anxiety felt by women as it draws near is not without reason.

Every woman who neglects the care of her health at this time invites disease and pain

When her system is in a deranged condition, or she is predisposed to apoplexy or congestion of any organ the tendency is at this period likely to become active —and with a host of nervous irritations make life a burden At this time, also, cancers and tumors are more liable to form and begin their destructive work

Such warning symptoms as sense of suffocation hot flashes headaches, backaches dread of impending evil timidity, sounds in the ears, palpitation of the heart sparks before the eyes irregularities constipation, variable appetite, weakness inquietude and dizziness are promptly heeded by intelligent women who are approaching the period in life when woman's great change may be expected

Lydia E Pinkham's Vegetable Compound was prepared to meet the needs of woman's system at this trying period of her life It invigorates and strengthens the female organism and builds up the weakened nervous system

For special advice regarding this important period women are invited to write to Mrs Pinkham at Lynn Mass and it will be furnished absolutely free of charge The present Mrs Pinkham is the daughter in law of Lydia E Pinkham her assistant before her decease, and for twenty five years since her advice has been freely given to sick women

Read what Lydia E Pinkham's Compound did for Mrs Hyland and Mrs Hinkle

Dear Mrs Pinkham —

"I had been suffering with displacement of the organs for years and was passing through the change of life My abdomen was badly swollen my stomach was sore I had dizzy spells sick headaches and was very nervous

"I wrote you for advice and commenced treatment with Lydia E Pinkham's Vegetable Compound as you directed and I am happy to say that all those distressing symptoms left me and I have passed safely through the change of life a well woman I am recommending your medicine to all my friends —Mrs Annie E G Hyland, Chestertown, Md

Another Woman's Case

"During change of life words cannot express what I suffered My physician said I had a cancerous condition of the female organs One day I read some of the testimonials of women who had been cured by Lydia E Pinkham's Vegetable Compound, and I decided to try it and to write you for advice Your medicine made me a well woman and all my bad symptoms soon disappeared

I advise every woman at this period of life to take your medicine and write you for advice —Mrs Lizzie Hinkle Salem Ind

What Lydia E Pinkham's Vegetable Compound did for Mrs Hyland and Mrs Hinkle it will do for other women at this time of life

It has conquered pain restored health and prolonged life in cases that utterly baffled physicians

WAS ABLE TO DODGE BULLETS

Julius Seulberger Has an Exciting Experience at Lake Tahoe.

"Are you one of the gentlemen who I nearly shot yesterday?"

The question was propounded to Julius Seuluberger, the well-known florist of this city, by a lady hunter who, for some time, has been sorely trying the patience and endangering the lives of pleasure seekers at Lake Tahoe

Mr Seulberger admitted that he was one of the gentlemen who owed his retention of life and happiness to the fact that he had been able to dodge the female hunter's bullets, but, at the same time, he dodged behind a tree because the huntress held in her hands a 44-caliber rifle which he felt might be more deadly at short range than it had been at long range

Mr Seulberger was not inquisitive enough to ascertain the name of the lady with a propensity for marksmarship and he was also unwilling to trust his safety in the presence of a Diana who handled a deadly weapon with the recklessness of a creature who could not distinguish between the relative value of human life and a barn door or a stack of hay

When Seulberger got on the weather side of the tree-trunk where he could play peek-a-boo with the huntress, he said

I am one of the gentlemen whom your bullets came near sending to the great hereafter, and I shall have nothing to say to you while you retain that rifle without having this good tree between us I am not bullet-proof in the head, or for that matter, in any other part of my anatomy I am simply an ordinary human being and so are Carl Plant L A. Mesmer, Dr Henry Kohlmoos, all of Oakland, and Professor Martin A Centner of the University of California at Berkeley, and all of these gentlemen, as well as myself heard your bullets whistle by their ears yesterday In fact, some of them were sure they had been shot and required assurance to the contrary from myself and even then would not be convinced of the fact that they were intact until it was shown that blood had not effused from their supposed wounds

While this explanation was being made by Mr Seulberger he was marching around the tree because the ambitious woodswoman was anxious to meet him face to face The florist however knew that every unloaded' gun in a woman's hands was a dangerous thing and succeeded in keeping out of the reach of the lady who wanted to explain

When at length the woman grew tired of chasing round the tree she came to parade rest and explained in effect as follows She was not aware that she had endangered the lives of the gentlemen mentioned She had been firing at a target in the forest, it was true She had seen Mr Seulberger and his associates and had ceased firing long enough, as she thought to enable them to get over the hills and far away She did not know that her rifle would carry as far as it did and she was awfully glad that she had not killed Mr Seulberger or any of his associates

Mr Seulberger said that he shared the huntress feelings in that respect because he had only one life to lose and he know that his associates were similarly handicapped and that neither he nor they were desirous of parting with that boon

The woman stated that she had read a whole book on marksmanship and concluded her apology by asking Mr Seulberger what he thought she ought to do

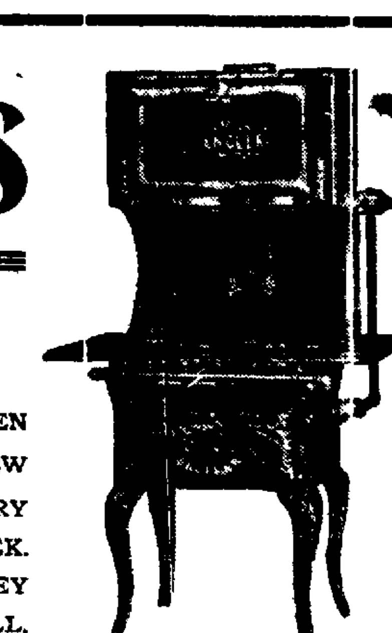

Well,' replied the florist if you will put that rifle in its case throw those cartridges to the winds and take a rod and hook and go fishing like the rest of the peaceful folk hereabout you will have the merited appreciation of every person around here who believes in longevity and who has a horror of unmerited and untimely graves

The huntress was open to conviction She said she thought Mr Seulberger was right She put the rifle in its case placed the cartridges in a box and surrendered the weapon to an attache of the tavern and thereafter during his stay at Tahoe Mr Seulberger was able to take three meals a day and tour the country round without dread of being made a target for spent and misdirected bullets

Mr Seulberger had this trying experience while himself and Professor Center were driving Messrs Plaut, Mesmer and Kohlmoos from McKinney's to the depot at Tahoe

17 CHINESE SEIZED IN SHIP

Vessel From New Foundland Confiscated in Harbor of Providence.

PROVIDENCE R I, Oct 10—After having evaded the United States customs and immigration officers for more than two weeks the schooner yacht Frolic which left Placentia, N F, with a cargo of contraband Chinese immigrants was boarded in the Providence river early today and confiscated in the name of the United States government Portuguese members of the crew were placed under arrest they being the only persons found on board the boat, while seventeen Chinese, believed to have been passengrs on the Frolic were also arrested

The Frolic entered the harbor in broad daylight at 10 o'clock yesterday, despite the vigilance of the coast guards and the revenue cutters from Maine to Cape Hatteras The vessel gave every appearance of having undergone exceedingly heavy weather Her bowsprit had been carried away It is believed by the officers that the break of the bowsprit made it precarious to remain longer at sea and that the commander of the yacht decided to make a bold dash for port

Close upon the arrest of the Chinese and the confiscation of the schooner came the arrest of the white men found in the vicinity on suspicion of having been concerned in the smuggling Just how many Chinese were on board the Frolic when she left the Newfoundland coast is not known, although it was reported that there were thirty-three unlawful passengers A systematic search of the Chinese quarter of the city will be made by the police today

MANY A MAN HAS FAILED BECAUSE HIS FACE WAS A PICTURE OF CALAMITY

It takes sunshine to produce a rose, a perfect rose And so man, to be successful, must have sunshine inside The life which has it not, which has no health and no happiness is sour, surly, pessimistic and a failure The world already has too many vinegar faces that breathe ill will and strife The world wants joy, comfort, sunshine and will cling to the man who has it, who radiates gladness and triumph wherever he is and under all circumstances

Some people have a genius for seeking out the disagreeable the crooked, the bad and the ugly These are the destroyers, they travel in schools, they herd together for they love their kind, and the cheerful part of the world will have nothing to do with them

And why is it that so many peddle disaster knowing at the same time that if they do their lives will be ruined? Some people cannot help it, for pessimism usually comes from bodily disorders and this cannot always be prevented The stomach for instance, is the most common cause of discontent, sour face recklessness, disgust and lack of ambition A bad stomach—there is the secret of many a failure. Anyone can have a good stomach, a strong stomach, a stomach that can take care of anything and everything that is put into it, no matter whether it is a very bad stomach now or not Then why not have it?

Stuart's Dyspepsia Tablets do this very thing One ingredient of these little tablets digests 3,000 grains of food, and no matter how bad is your dyspepsia or indigestion, these tablets will digest everything in your stomach thoroughly and completely, and better and quicker than a healthy stomach can do the same thing Stuart's Dyspepsia Tablets will cure quickly loss of appetite, brash, irritation, burning sensations, nausea, heart burn, eructations loss of vim and spirit, bad memory and dyspepsia and indigestion in their very worst forms

No other little tablets in the world can do so much You should carry Stuart's Dyspepsia Tablets around with you wherever you go and take them after meals Then only will you realize what it is to enjoy a meal, and what perfect digestion means Your whole body and your mind will feel the effects, your vim will increase; you will be more satisfied with what the world does, you will think happier and be happier and your face will be one of supreme contentment. That will bring you success and then more success Your face will bring you dollars Try it It will cost you just 50c for a package of these wonderful Stuart's Dyspepsia Tablets, at any drug store on earth.

DOGS LIKE TO GO TO POUND

So Fond of the Place In Berkeley That They Hunt For it.

At the regulah monthly meeting of the directors of the Oakland Society for the Prevention of Cruelty to Animals, Humane Officer Herold reported several hundred horses examined on the streets and in the grading camps, twenty-eight horses, unfit for work, were ordered out of harness two large animals injured beyond recovery, were humanely destroyed, and six small ones similarly relieved from their misery The ambulance was called out five times for the removal of sick or injured horses. Calls for the ambulance continue to increase, and owners of large animals are coming to thoroughly appreciate this great convenience and safe method of removing them when sick or injured

Many cases of lameness of horses are brought to the attention of the society, these are due principally to improper shoeing corns, and injuries to the feet, chargeable to the careless throwing of nails in streets

Dr Carpenter, the veterinarian of the society, told of his recent visit to the Berkeley pound, saying that the same proved a revelation to him He said that he had visited it when it was an abomination, but that under the supervision of the Berkeley Society for the Prevention of Cruelty to Animals, with Mr Rogers as poundkeeper, cleanliness and kindness had become predominant features He thought the humane people of Berkeley might well be proud of this work. "Why," said he, "the dogs of Berkeley go to the pound now of their own accord." It is among the ambitions of the local society that the Oakland pound shall compare favorably with that of the college city.

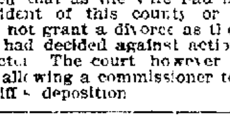

Preparations are in progress whereby the humane education of the children of the city shall figure prominently in the society's work. Prevention of cruelty is what the society advocates, and only through humane teaching does it believe the great problem will be solved. That humane education will, in the future prevent more cruelty than the fear of the law, is the belief of those associated in the cause of child and animal protection.

The matter of reviving interest in the formation of a State organization was discussed. Through this much good would result in the way of securing further legislation favorable to the work, organizing new societies, and distributing humane literature.

ACTOR MAY NOT OBTAIN DIVORCE

There is a possibility that Boyd Campbell, an actor now playing in New York City, will not obtain the divorce from his wife, Loraine whom he alleges, deserted him in Oklahoma four months after their marriage in March, 1899, at Brittain, Conn. Judge Ellsworth, before whom T. J Butts attorney for the plaintiff, and a cousin appeared yesterday afternoon intimated that as the wife had never been a resident of this county or State he might not grant a divorce as the Supreme court had decided against actions of this character The court however issued an order allowing a commissioner to take the plaintiff's deposition

Years Ago

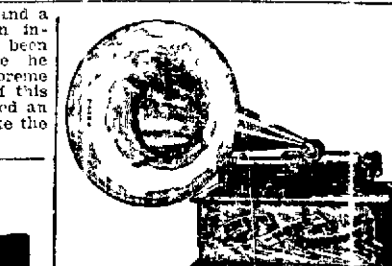

A country editor said, at the opening of the school: "Our streets are full of girls, their arms are full of books, their mouths are full of gum, and their heads are full of boys" Well, what more ennobling thought could a budding school girl entertain than the contemplation of some good and growing boy? What is more natural, anyhow? Just as natural as for a healthy school girl to think of caramels and ice cream, although all caramels are not good and much ice cream is far from ennobling I share the leaning of most girls for good caramels. I believe they are both palatable and nutritious—the Lehnhardt kind, especially. Make a note of it, boys.
